Enterprise Cloud Made Easy!

DATA3 delivers a fully managed premium IaaS suite with unmatched pricing & enterprise-grade performance. MSPs, VARs, & IT providers can now rapidly launch secure/compliant cloud solutions with full control - from white-label rebranding to flexible account management and billing.

Why DATA3 wholesale cloud platform?

- ✓ **A Complete Out-of-the-Box Solution**
A turnkey suite of enterprise cloud infrastructure quickly & easily branded brought to market with full control.
- ✓ **Extreme Performance/Resilience**
a fully redundant, self-healing cloud platform with markedly better performance/resilience vs. AWS, Azure, GCE.
- ✓ **Breakthrough Tech**
unique hyperconverged architecture reduces DC footprint (power/hardware) 50%+ for sustainable cost advantages.

Key Benefits & Business Outcomes

- ✓ **Your Brand & Pricing**
Private label platform including logos, colors, custom domains, APIs, rate-card & integration.
- ✓ **Channel Friendly**
Unlike other IaaS vendors, DATA3 is 100% channel driven - meaning we never compete with our partners.
- ✓ **Unbeatable Margins**
25% to 80% below current AWS/Azure rates, instantly add net-new recurring cloud revenue streams to your business.
